

Basestocks

REACH pre-registration status and registration plans

Date issued: December 2008

ExxonMobil's position is to register all commercial **Basestocks** that are currently manufactured by ExxonMobil within the EU or imported into the EU directly by ExxonMobil. We have now completed the pre-registration of these products in line with the REACH milestones.

We currently do not expect to discontinue any supplies of ExxonMobil Basestocks to our Customers due to the REACH legislation.

However, should there be any changes in our supply plans as a result of REACH, we will inform our Customers at the earliest possible opportunity.
